SHRI PROPERTIES

PORTFOLIO MANAGEMENT PROPOSAL

Real estate chosen for yield, wherever in the world it is highest — starting with US single-family homes.

Shri Properties, a Wyoming LLC, is building a global real estate investment platform for investors worldwide; all operations, property management and servicing are handled in the US. We source, buy, upgrade, lease and exit high-yield US homes. You own the asset; we are paid only from rent actually collected.

FLAGSHIP PROOF — 4081 EAST 64TH STREET, CLEVELAND, OHIO · completed, all cash, 1.36 years

49.8%	~34.6%	13.5%	$75k → $115k	$36,943	$906	
TOTAL RETURN	A YEAR	NET YIELD	PRICE, +53%	NET PROFIT	REPAIR → RENT +50%	

TWO SERVICE LEVELS · no rent, no fee — charged only on rent actually collected

Standard US Management

10% of rent collected

BASIC SERVICE · RUN IN THE US

- Sourcing and purchase
- Leasing and rent collection
- Quarterly reporting
- Lean and hands-off

On the flagship deal: fee $1,210.77 a year · net yield 11.87% · profit $35,295.28 · total return 47.58%

Premium Full-Service Portfolio Management

20% of rent collected

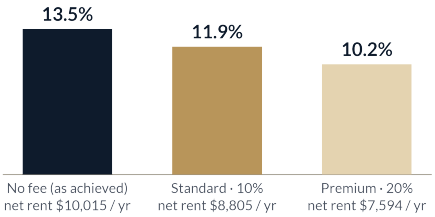

FULL SERVICE · RUN IN THE US

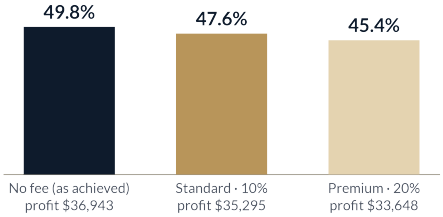

- Everything in Standard, plus active portfolio management
- Value-add upgrade planning; hands-on oversight of the local manager
- Exit and sale strategy and execution
- US tax-document coordination; dedicated point of contact; monthly reporting

On the flagship deal: fee $2,421.55 a year · net yield 10.24% · profit $33,647.78 · total return 45.36%

Why two tiers: priced by service level, not by where you live. Standard is basic, lean management; Premium adds active, full-service portfolio management. Both are run domestically in the US. The Shri fee sits on top of the local property manager's (B2B Realty's) fees.

WHAT THE FEE MEANS FOR YOU · illustrative, based on one completed deal (4081 E 64th St)

Net yield a year = (net rent after tax $10,015 − fee) ÷ cash invested $74,184. Fee = rate × $12,108 annualised rent ($16,475 ÷ 1.3607 years).

Total return on the deal = ($36,942.78 profit − rate × $16,475 rent collected) ÷ $74,184.18 cash invested.

Navy = no fee (as achieved), gold = Standard US Management (10%), light gold = Premium Full-Service (20%). Period: Mar 2024 – Jul 2025. Rent in this deal was already net of the local property manager's fees. Source: settlement statements and bank records.

WHAT INVESTORS GET

Data-driven sourcing
Our deal map screens landlord-friendly states for yield.

Value-add upgrades
Small, targeted fixes that lift rent — like the $906 repair.

Agents on the ground
Our people in the US, managing each home locally.

Tenant management
Leasing, rent collection and upkeep handled.

Quarterly reporting
Every home tracked in our returns calculator.

Exit strategy
A planned sale point for each home, set from day one.

DEAL-MAP CRITERIA & PORTFOLIO IDEA

OH	MS	AL	OK	IN

≤ 15	$400–800	5–10
PRICE-TO-RENT	TARGET CASH FLOW / MO	HOMES AT $50K–100K

OH proven by the flagship deal. An illustrative portfolio of 5–10 homes at $50k–100k each means roughly $250k to $1M of capital, spread across states.

HOW IT WORKS

1. **Source** — Deal map finds high-yield homes
2. **Buy** — All-cash purchase, title in your name or LLC
3. **Upgrade** — Targeted fixes that lift rent
4. **Lease** — Tenant placed, rent collected
5. **Report** — Quarterly, via the returns calculator
6. **Exit** — Sell at the right point; proceeds paid out
